*" A garden is a lovesome thing. God wot!  
Rose plot,  
Fringed pool,  
Fern'd grot—  
The veriest school  
Of peace; and yet the fool  
Contends that God is not—  
Not God! in gardens! when the eve is cool?  
Nay, but I have a sign:  
'Tis very sure God walks in mine "*

# FALL PLANTING

Taken Seriously

DO NOT put off until Spring what  
you can do better THIS FALL

Permanent garden planting of noble trees, orchards and gardens is not a matter of a season only, but a substantial investment worthy of attention at the right time. October and November planted stock will give better results than spring planted. Plant fruit and ornamental trees, shrubs, vines, roses, evergreens, herbaceous plants, hedges, etc.

**Y**OU are cordially invited to visit our nurseries, and, if you desire, select your own stock. We pride ourselves, however, on the great care we exercise in selecting of stock for purchasers, where the selection is left to us. We are content with nothing short of the purchaser's entire satisfaction.

*Office sketch plans for gardens and advice on horticultural subjects furnished by us free of charge. Where we make personal visits, prepare plans, specifications and reports, a charge is made consistent with services rendered.*

*“ When Epicurus to the world has taught  
That pleasure was the chieftest good  
(And perhaps was i' the right, if rightly understood),  
His life he to his doctrine brought,  
And in a garden's shade that sovereign pleasure sought. ”*

—ABRAHAM COWLEY
